

Gripping unit for prismatic cells

Customized solution

Hand in hand for tomorrow

Gripping unit for prismatic cells

Pneumatic gripping unit with spacing fingers for prismatic cells

Your advantages and benefits

- **Parallel handling** of six prismatic battery cells
- **Spacing unit built-into** the fingers to adjust different cell spacing during the gripping operation
- **Mechanical synchronization** of the spacing unit to ensure simultaneous movement of the cells
- **Scalable solution** enables adaption of the application to specific projects

Technical data

- | | |
|--------------------------------|-----------|
| • Gripping force | 3100 N |
| • Gripping force maintenance | Yes |
| • Weight | 30 kg |
| • min./max. operating pressure | 4/6.5 bar |
| • min./max. spacing | 42/60 mm |
